Introducing

Meet Curby, IPG's line of sustainable packaging products. As E-commerce shipping volumes rapidly increase and consumers become ever more aware of their environmental impact, IPG's curbside-friendly products are the logical next step in packaging. Curby products promote a *circular economy* and help answer these E-commerce growth challenges.

Curby products offer peace of mind that your package is **renewably sourced, securely shipped, and curbside recyclable**. Join Curby and do your part to support a healthy planet.

Circular Economy

Eliminating the concept of waste

Our Sustainable Product Design and Development Vision Statement directs the application of "safe and circular" concepts to our products' design and development. We have committed to eliminating toxic substances from new and existing products and incorporating recycled and renewable materials while maintaining product performance. Achieving a circular economy is a long-term objective, but we are dedicated to working towards it.

The Circular Economy emulates natural lifecycles, and eliminates the concept of waste so that all products and their components become "food" for other systems- either biological (returning to nature) or technical (returning to industry).

MINI-TAPER™

- Soft touch tape delivery
- Easy push tape dispensing
- Self-contained cutting mechanism delivers clean, even cutting of reinforced Kraft water-activated tape
- Better Pack water brushes provide consistent, uniform tape wetting
- Refillable and spill-resistant water tank holds enough water to activate one roll of tape
- Push lever dispenses 10" length of tape; repeat push lever for longer tape lengths

CURBY MINI-TAPER™

THE LATEST AND MOST INNOVATIVE MAILER ON THE MARKET

- Curbside recyclable, easily disposed with all your other recyclable materials
- Lined with honeycomb paper structure which offers substantial benefits over traditional wrapping materials

Made from
RECYCLABLE PAPER!

THE HONEYCOMB: NATURE'S MARVEL OF PACKAGE ENGINEERING

Curby® products use revolutionary honeycomb cells to interlock to keep items from shifting during shipment.

FILL™

Curby Fill consists of interlocking honeycomb pattern paper within an easy dispensing box. It is a cushioning material that offers substantial benefits over traditional wrapping materials, including bubble, bubble-on-demand, foam, and other paper materials.

Curby Fill clings to itself, eliminating the need for taping. It is lightweight, space saving, and can create an instant pack station wherever packing material is needed. Just drop, open, pull, and pack. Curby Fill is the simple, reliable, recyclable, and renewable paper void fill solution.

1700 ft
