USA 3036-SB

UNIFORM SEMI-AUTOMATIC CASE SEALER

Interpack's USA Series Case Sealers are adjustable, operator fed machines that process same sized RSC style cases. Every Interpack™ Case Sealer comes with ET 2Plus tape heads with adaptive technology to provide optimal tape application and wipe down to each of the 3 taped panels of the case.

When you compare features, benefits and value, Interpack Case Sealers are the right choice for operators, plant engineers, maintenance and purchasing.

ET 2Plus tape head

MACHINE FEATURES & BENEFITS

- Heavy duty construction will process up to 125 lb cases
- 4" tall side belt drive to process a wider range of cases
- Side belts capture the case between 2 moving belts, reducing the force on the case
- Twin 1/3 HP motors for 24/7 operation
- Dual column for maximum processing stability
- Slide & lock upper head simplifies case size set up
- Selectable floating upper head processes mild overfills
- Offset tape heads process cases as low as 5" tall
- Reversible controls for left or right handed operation

THESE MACHINES ARE ENGINEERED TO PROVIDE:

- World class performance features
- Heavy duty construction for 24/7 operation
- Ergonomic, user friendly operation and case size set up
